VISION

PROGRAM
FOR YOUTH

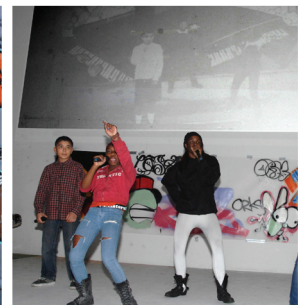

Celebrating self-discovery and achievement in school, and in life, since 1922!

Thanks for the Support and Partnerships that have helped us achieve success since 1922.

As we begin our second 90 years, we want to share our success with you. Any of our award-winning development, education and enrichment programs can be “plugged-in” to your existing extended learning curriculum to enhance your attendance numbers and ensure maximum outcomes, and all with S.T.E.M. incorporated. Give us a call and let’s see what we can do to help. **(213) 249-9293 x234**
